TWO RIVAL GENERALS

Nearly Caused a Civil War in the Banks of the Filipinos.

LUNA DEFIED BY MASCARDO

Prior to Battle of Saint Tomas, the Latter Refused to Send Reinforcements to Former Until Aguinaldo Interceded.

Manilla, May 9.—Only the entreaties of Aguinaldo averted, last Tuesday, a civil war between the forces of his two rival generals, Luna and Mascardo. They were actually drawn up in battle array.

This and a positive confirmation of the news that Luna has been dangerously wounded in the shoulder in the battle of Saint Tomas are the most important items of intelligence brought by the army gunboats Laguna de Bay and Cavadonga, which returned from a brisk expedition up the San Fernando river.

It was immediately before the battle of Saint Tomas that the insurgents so nearly arrived at the point of beginning to exterminate one another. When General Luna heard that an engagement with the American troops was inevitable he sent back an aide post haste to Bacolor, where General Mascardo was, demanding reinforcements. Mascardo's reply was that he would take orders from no one but Aguinaldo.

This defiance so infuriated Luna that, in spite of the impending conflict with the common enemy, he took 1,500 of his soldiery and made a forced march to Bacolor intent on chastising his comrade in arms.

Mascardo was nothing loth to fight it out, and ordered his command into line of battle. Shouts of hatred and defiance were heard on both sides.

Outside the opposing forces, the insurgent camp was all confusion. Aguinaldo, terrified by the situation, ordered his chief of staff, Colonel Arguelles, to make peace at all hazards. The soldiers had loaded their pieces and were waiting for orders to begin the onslaught when Arguelles galloped between the lines, frantically waving a flag of truce.

There was an angry conference between him and the rival generals. Aguinaldo was drawn into it. With all the intensity at his command, he begged Luna and Mascardo not to plunge the Filipinos into civil strife at a time when they were already broken and demoralized by successive defeats at the hands of the Americans.

His entreaties prevailed. Luna sullenly returned to the front, after the commanding general had provided him with reinforcements and ordered Mascardo to be court-martialed for not having sent them at first.

The battle of Saint Tomas followed, and Luna, on whose ferocity in the field Aguinaldo placed his chief reliance, received wounds that will surely disable him for the rest of the campaign, and may cause his death.

Major Digges Wounded.

Manilla, May 9.—A reconnoitering party from Major General Lawton's command, and which consisted of two companies of the Minnesota regiment and two companies of the Oregon regiment, under command of Major Digges of the Minnesota regiment, advanced to a point near San Miguel, which is about 12 miles north of Balinga. There the Americans were met with a volley from a force of rebels behind a trench. Major Digges was wounded severely about the head and a private soldier was also wounded. Major Digges and the private, together with 10 typhoid patients, were brought by special train to Manila.

Boats for Manila.

New York, May 9.—The refrigerator ship Glacier has been ordered to Manila, and will leave within a few days, loaded with stores for Dewey's squadron. She will also take a large quantity of ammunition. The department has decided to send three of the large transports to Manila to assist in returning the volunteers to the United States. These boats will be the Meade, the Thomas and one other boat not yet chosen, but probably the Logan. No definite orders have been issued yet for the sailing of the boats for Manila.

Transports Leave Manila.

Washington, May 9.—General Otis reports to the war department that the transport Puebla left Manila for San Francisco on the 7th instant, and that the Zealandia left later.

London, May 9.—Conynghy Ralph Disraeli, nephew and heir of Lord Beaconsfield and member of parliament for the Altrincham division of Cheshire, was thrown from his bicycle at High Wycombe. He struck upon his head and was badly injured.

CONSTABLE COONROD

Gets Himself In Trouble by Trying to Arrest the Wrong Man.

Chillicothe, O., May 9.—Constable John Coonrod of Bourneville is under arrest. A warrant had been sworn out before Squire Frazee for the arrest of Henry Cottrell, charged with forgery, and Coonrod started out to get his man. In shoots bridge, near Bourneville, he met Stuart Pricer, and commanded him to halt, claiming that Pricer was Cottrell. Pricer refused, and thereupon Coonrod shot at him, one bullet taking effect in Pricer's side. Pricer knocked Coonrod off the bridge and then came on to town to get his wound dressed. In the meantime, Coonrod clambered back on the bridge just in time to meet two young ladies, one of whom was Cottrell's sister. Coonrod claimed she was Cottrell in disguise, and insisted on making a medical examination to prove that this was not the case. The girl fainted, and was finally released by the constable.

Pricer, after having his wound attended to, swore out a warrant against Coonrod.

Coonrod had his hearing and was bound over on the charges of assault and shooting with intent to kill, the former preferred by Miss Cottrell and the latter by Stuart Pricer.

Bribe Offered Over Telephone.

Columbus, O., May 9.—In a communication to the supreme court, Attorney General Monnett named Charles B. Squires of New York, formerly of Cleveland, as the man who made the alleged bribery proposition to him in the Standard Oil litigation. Monnett claims Squires offered him half a million dollars over the telephone to stop the prosecution. Frank Rockefeller and Charles N. Haskell are also involved by Monnett. In the supreme court Mr. Kline, the Standard's attorney, demanded that the charge of corruption be cleared up before the arguments in the contempt case are made. There was a lively skirmish between the opposing counsel. Attorney General Monnett wanted the time fixed for arguments in the original contempt case.

Ratified the Action.

Cincinnati, May 9.—Following the executive session here of the auxiliary, known as the Western Association of Stove Manufacturers, the Stove Foundry's National Defense association, met with a large attendance. President Chauncey H. Castle of Quincy, Ill., presided, and T. J. Hogan of Chicago was secretary. This association considered the question of wages, and had less to do this year than usual, as the executive committee advanced wages 10 per cent, effective April 1, and the association simply ratified that action.

Killed While Playing Ticket.

Jamestown, O., May 9.—Postmaster George A. McLaughlin lies dead. The postmaster, with some young friends, was putting a "ticket" on the window of the home of Mr. E. E. Ginn. Mr. Ginn hearing the noise, fired a shot through the window, killing Mr. McLaughlin instantly.

For Camp Meade.

New York, May 9.—The Fifth immune regiment, 600 strong, left over the Lehigh Valley railroad for Camp Meade, Pa.

Mollieux Not Indicted.

New York, May 9.—The grand jury, which has been hearing evidence in the case against Roland B. Mollieux, who is accused of the murder of Mrs. Kate Adams by poison sent through the mails, finished its investigation without indicting Mollieux.

MR. KENSIT PROTESTS

Against the Proceedings of the Archbishop's Episcopal Court.

IS GREETED WITH HISSES.

The Archbishop of Canterbury Cuts the Confusion Short by Adjourning the Court Amid Cheers and Derisive Laughter.

London, May 9.—There was a scene at the sitting of archiepiscopal court for a hearing of the charges of the ritualistic practices against the Rev. Henry Westall, vicar of the church of St. John Timberhill, Norwich.

During the proceedings, John Kensit, the noted anti-ritualist, arose from his seat at the back of the guard room of Lambeth palace, where the court is sitting and shouted:

"I wish to protest against the holding of this court." Mr. Kensit began to read a written protest against the so-called "spiritual court," and especially against an inquiry. "By your graces, who for years have deliberately set at naught your solemn ordination vows and allowed and often promoted well known lawbreakings in the church."

A storm of hisses greeted the protest and the archbishop of Canterbury, the Most Rev. Frederick Temple cut Mr. Kensit short by adjourning the court for luncheon, amid cheers and derisive laughter.

CRUISER RALEIGH

Goes Aground While Trying to Enter the Harbor at Charleston.

Charleston, S. C., May 9.—The cruiser Raleigh, which was bound in to be present at the Confederate reunion, went aground at sunrise about 300 feet outside of the south jetty. She is lying easy, and will probably be floated at high tide. It is not believed she has sustained any damage. Captain Coghlan declined assistance from all tugs.

Funeral of Mrs. Whitney.

New York, May 9.—Funeral services over the remains of Mrs. William C. Whitney were held in the cathedral of the Incarnation, Garden City, L. I. The services were preceded by a private ceremony at Mr. Whitney's home, Wheatley Hills, conducted by the Rev. Dr. W. S. Rainsford, rector of St. George's, New York, of which church Mrs. Whitney was a communicant. The Right Rev. William C. Downe, bishop of Albany, officiated at the cathedral. Two special trains carried the floral pieces from the Whitney's home to Garden City. Flowers were sent by President and Mrs. McKinley, former President Grover Cleveland and Governor Roosevelt, several members of President McKinley's cabinet and a number of United States senators and congressmen. The interment was at Douglaston.

Catholic Knights of America.

Kansas City, May 9.—Nearly 100 delegates were in attendance upon the opening session of the twelfth biennial supreme council of the Catholic Knights of America. The feature of the program was the solemn high mass held at St. Patrick's cathedral. The officers and delegates formed in line and marched to the church, headed by the uniform rank company from Vincennes, Ind., under command of General J. W. Norhaus, supreme commander-in-chief. The ceremonies at the cathedral were impressive.

Chinese Act Not Included.

Washington, May 9.—Acting Secretary of War Melklejohn said the Chinese exclusion act did not apply to our insular possessions. Some three weeks ago an order was issued extending the laws and regulations governing immigration to the United States, to the territory under military control. By some this order was interpreted to mean the exclusion of Chinese from Porto Rico, Cuba and the Philippines. This is a mistake, as the Chinese exclusion laws are not included.

Police Chiefs Meet.

Chattanooga, May 9.—The sixth annual convention of the Police Chiefs' association of the United States and Canada began here in the city auditorium. Several hundred members were present, all portions of the country being well represented. The convention was called to order by President Jannsen of Milwaukee. Mayor Watkins of Chattanooga delivered an address of welcome.

Pittsburg, May 9.—The hot air furnace manufacturers of the country have organized a central association for the purpose of maintaining prices. The manufacturers complain that they have been competing so closely that the business has come to be carried on at a loss, and that some sort of an agreement is necessary to keep them going at a very small margin of profit.

GOVERNOR THOMAS

Repudiates the Interview About the Return of Colorado Troops.

Washington, May 9.—The text of Governor Thomas' telegram and that of the reply thereto, sent by Secretary Alger is as follows: "Reported interview of mine in Denver News Sunday concerning Colorado volunteers in Manila is false and malicious. Would have denied it earlier, but supposed it too silly to receive credence. I beg you will do me the justice to discredit it."

Secretary Alger replied as follows: "Your telegram to the adjutant general has been handed me, and I desire to thank you for it. It does credit to you and your state. In the meantime we shall spare no efforts to effect the speedy return of all the volunteers in the Philippine islands, but it should be borne in mind that the distance and the question of suitable transportation makes it appear slow to waiting families and friends. It is my desire that they shall have every possible comfort. Their conduct deserves all the resources the government can furnish."

Members of Relief Corps

Chicago, May 9.—With secret initiatory exercises, the suffrage leaders, Susan B. Anthony and the Rev. Anna Howard Shaw, have been made members of America Woman's Relief Corps No. 31. The corps met in its rooms in the Masonic temple and a reception followed the initiation. All the officers of the organization and the color-bearers had a part in the formal installation of Miss Anthony and Miss Shaw as members of the corps. The presiding officer was Miss Anna W. Wyman, president of American corps. The distinguished woman for whose initiation the meeting was held made short addresses.

President Will Take a Bath.

Hot Springs, Va., May 9.—The president and Mrs. McKinley, Dr. Bliley of the navy and others reached here. Their special train was an hour ahead of its schedule time, and thus the arrival at the depot was without a crowd of natives or guests. The party was met by Mr. Sterry, the manager of the Homestead, and entering the hotel by a side door their presence was unknown to any save the secretary and Mrs. Gage, who welcomed them in the apartments set aside for them. Dr. Rixey examined the bath houses immediately, and the president will begin taking the baths.

False and Malicious.

Denver, May 9.—Governor Thomas, who had been out of the city for several days, wired Adjutant General Corbin upon his return as follows: "Reported interview concerning Colorado volunteers is false and malicious." The governor says he told the interviewer he had twice requested the return of the Colorado regiment and would renew the request, and that as the Spanish war had been terminated, the voters should be permitted to return if they wished.

All Roads Says Depew.

New York, May 9.—Senator Chauncey M. Depew said in regard to the reported possibility of a railroad trust being formed to operate all of the roads between Boston and Chicago: "There is nothing in it. We have acquired no minor roads for that end, and the Pennsylvania has acquired no other road. It is true that Mr. Morgan bought the Monon, but that is not important in this connection. The report in regard to such a trust is all bosh."

Negotiation Declared Off.

Detroit, May 9.—Negotiations between the Detroit street commission and Tom L. Johnson for the purchase of the street railways of Detroit by the city were declared off. The commissioners had submitted an ultimatum as to price and terms. Mr. Johnson's reply thereto was so unsatisfactory, from the commissioners' standpoint, that they will report to the common council a failure to reach an agreement with the railway companies.

Purchased the Souther Farm.

San Francisco, May 9.—Mrs. Josephine Wallace, mother of Edna Wallace Hopper, the actress, has purchased Souther farm, near San Leandro, in Alameda county, and the place will be transformed into a fruit farm and country home. The Souther farm is one of the best known properties in the state. It is beautifully situated near the foothills. It consists of about 300 acres. The price paid is said to have been about \$100,000.

PREPARING A REPORT

Bishop Quigley Will Make No Proposition to Either Side.

DEATH OF BOSS SCOOPER.

Most of the Representatives of the Lake Carriers' Association Have Left Buffalo to Hold a Conference at Cleveland.

Buffalo, May 9.—Bishop Quigley said that while he is preparing a report of the proceedings at the conference held at his residence, he will not make a proposition to either side, but will simply send copies of his report to the new Local 51, and then the representatives of the Lake Carriers' association.

The situation on the docks is practically unchanged. Everybody is anxiously awaiting the report of Bishop Quigley.

Most of the representatives of the Lake Carriers' association left for Cleveland.

Death of Boss Scooper.

Buffalo, May 9.—William H. Kennedy, the boss scooper, who was shot last Tuesday during a disturbance on the docks, died from his injuries. "Buck" Skinner, suspected of doing the shooting, is in jail.

Jacob Worth Secured Over One Hundred Thousand More Than Was Legal.

New York, May 9.—The commissioners of accounts made a report to Mayor Van Wyck, in which it is stated that Jacob Worth, while county clerk of Kings county, received \$111,647 more for refilling records than the amount to which he was entitled.

Receiver Appointed.

Chicago, May 9.—Judge Kohlsaat appointed Hugh Mason receiver of Isaac McIntosh and Company, engaged in the coal mining business, with offices in Brazil, Ind., and this city. He issued an injunction restraining McIntosh from collecting debts due the firm. The suit was brought by George E. Benton, a member of the firm, who wished to have the partnership dissolved. The firm was organized in 1896. Benton claims he put \$70,000 into the business, and that McIntosh mismanaged affairs.

Confederate Reunion.

Charleston, S. C., May 9.—The executive committee of the Confederate reunion announced at noon that 25,000 visitors were already in the city in attendance upon the reunion. Twenty special trains are now en route. The veterans' auditorium, with a seating capacity of 7,500, will be dedicated. General Wade Hampton will make the principal speech. The reunion will open with the usual parades, in which 10,000 veterans will participate.

Havana, May 9.—At a conference on Monday between Governor General Brooke and a representative of General Gomez the time for the distribution of the \$3,000,000 to Cuban soldiers was fixed to begin May 10 and continue until the 15th. The first payment probably will be made at Maricao on Wednesday. The soldiers will be paid in companies with their commanders. Soldiers without arms will receive pay also.

Respite Granted.

Harrisburg, Pa., May 9.—Governor Stone has granted respite until June 7 for Ralph Wireback of Lancaster county and James Preston of Chester county, two murderers, who were to have been executed next week. Wireback murdered his landlord, David B. Landis, who was endeavoring to have Wireback ejected from the house. Preston murdered his wife.

British Ship Wrecked.

Adelaide, South Australia, May 9.—The British ship Loch Sloy, Captain Nicola, from Clyde, on Jan. 5, for Adelaide and Melbourne, was wrecked on Kanagaroo island, on April 24. Five passengers and 25 of the crew were drowned. Four of those on board the ship escaped from the wreck, but three of them are still wandering in the bush.

Six Bold Burglars.

Wilmington, Del., May 9.—Six bold burglars, masked and armed, at the point of their pistols, overpowered Emil Meyer, the watchman, and Frederick Festing, the engineer at the Bavarian brewery, and then blew open the safe in the office, securing over \$1,406. Of this amount more than \$500 was in cash.

More Drastic Than Arkansas Law.

Austin, Tex., May 9.—The senate of the state legislature passed finally its anti-trust bill. When originally introduced, the bill was identical with the Arkansas law. It has been materially amended, however, and is decidedly more drastic in its provisions.

SECRETARY ALGER's war record is not an enviable one by any means. The official records show that during the rebellion his removal in disgrace was recommended by Generals Custer, Merritt, Torbert and Sheridan, for absenting himself from his regiment without leave of absence. But he seems to have had a pull then, as now, and secured an "honorable discharge."

SECRETARY GAGE of the Treasury has made a report to the President upon the charges recently preferred by Samuel Gompers, President of the American Federation of Labor, against the conduct of the Bureau of Engraving and Printing under Director Claude Johnson. The Secretary fails to find the charges sustained in any material degree, either by the investigation or by the work of the bureau.

It was all a mistake. There was nothing the matter with that beef fed to our soldiers during the late war. The court has said so, and of course the court knows, or ought to know. The scores of officers and privates and other persons who swore that the "stuff" was a disgusting and unpalatable substitute for meat didn't know anything at all about it. No matter what the court's verdict is or may be, it can not cover up all the testimony brought out substantiating General Miles charges. The latter can very well let the matter rest; he has done his duty.

WEEKLY CROP BULLETIN.

Farm Work in Kentucky Has Progressed Rapidly and the Outlook Now is Very Encouraging.

Very favorable weather prevailed all the week and its effect is visible on vegetation of every kind. The first part of the week was very warm and the latter part a little cooler with good rains. The rain was rather unevenly distributed, but all parts of the State received some. Winter wheat has improved rapidly, and some fields which looked as though they would be total failures a few weeks ago, now promise quite a crop.

Corn planting has progressed rapidly and some of the earliest fields are up and now being cultivated. In some localities cut worms are reported to be doing some damage to corn, but so far it is not serious enough to affect the crop as a whole. Oats are doing fairly well.

Tobacco plants are in good condition and some beds will be ready for transplanting in a few days.

Gardens are making good advancement. Fruit of all kinds, except peaches and blackberries, are doing well. Strawberries are beginning to ripen. Considerable hemp is being sown in some localities. Pastures have improved rapidly and are now in first-class condition.

Farm work has progressed rapidly and the outlook is now very encouraging.

A Family Affair.

[Flemingsburg Times-Democrat.]
 A fellow from Mason County was here last court day and sold a horse for \$35 and a buggy for \$90. Thomas Watson, of Tilton, buying the horse which he afterward traded to Jack Dearing. Thomas Overton bought the buggy and at once sold it for \$1.50 profit to Mr. Lyons, of Hectorville vicinity. Saturday last a man came here and claimed that the property belonged to his daughter, wife of the man who sold it, and that they had been separated, and further that the son-in-law had borrowed it from his wife. It seemed to be a family affair and as he would not agree to have his son-in-law arrested and prosecuted the parties so far have declined to give up the property, and very properly so, we think."

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. J. Wood & Son, druggists, and get a trial bottle free. Regular size 50 cents and \$1. Every bottle guaranteed, or price refunded.

VERY CAUSTIC

Is This Criticism of the Administration's Philippine Policy by an Old Republican.

[Enquirer.]

COLUMBUS, Ohio, May 6.—Hon. John Beatty, statesman, banker and a prominent Republican, said concerning the Atkinson pamphlets, intended for the soldiers in the Philippines, and the Administration's position on the colonial question:

"I have had Edward Atkinson's pamphlets in my house for some time. I looked them over to ascertain if they contained anything which was at all likely to induce Admiral Dewey, General Otis, General Miller and Parks, Schurman and Worcester to throw up their commissions, abandon their salaries and go over to the enemy. Finding there was not, I concluded that McKinley and the members of his Cabinet had simply been making asses of themselves, as has been their custom at least once a week for the past year.

"About every man I have met on the street to-day has written for copies of the Atkinson pamphlets, and if the author is at all grateful he will send the Administration a letter of thanks for the free advertisement it has given him.

"McKinley and his counselors doubtless feel easier than they did, for the Associated Press dispatches inform us that the five pamphlets were seized by the postoffice officials of San Francisco, and are now safely in the custody of this great republic.

"It was hardly necessary for Mr. Atkinson to remind us that McKinley had said: 'Forcible annexation would be criminal aggression,' for what McKinley may say, for or against a proposition, doesn't count with those who know him; he has a habit of getting on both sides of a question—now silver then gold—now for the freedom of folks and then for their enslavement; now for benevolent assimilation, and then for brutal subjugation; now for the home market and again for the 'open door,' in the Hays time for the Kuklux, and a little later for the constitutional rights of the negro. The fact is, McKinley never expresses an opinion until he ascertains the drift of the mob, and nobody in Ohio can flop quicker than he can.

"Of course, all who insist that 'forcible annexation is criminal aggression' are now traitors. So also are those who believe that 'governments derive their just powers from the consent of the governed.' All loyal men should know that McKinley knows exactly what the Filipinos need, and what they ought to have and how and when they ought to have it. The merciless butchery of a defenseless people is all right enough so long as you say your prayers regularly.

"Americans have just escaped the great danger which would have resulted from the successful transmission of five copies of Atkinson's pamphlets to the Philippines, but are still stunned and breathless in view of the peril which so recently confronted them. The Filipinos, on the other hand, are getting on very nicely. They are being christianized and sent to heaven in droves."

THE Times-Star says: "Judge Jackson in the suit of Julia Russell against the Milwaukee Mechanics' Insurance company held that the latter company could not replace property destroyed by fire, but that it would have to pay the amount of the policy or policies. She arrived in Cincinnati about 2 o'clock Monday morning.

Friday's Cash Sale.

LISLE THREAD HOSIERY.

True economy lies in buying good things. Good things need not be high priced. There's a certain hard wall of facts and figures, however, that stands between possibility and prodigal promises. There are certain prices below which no good honest hosiery can be bought. Those prices are ours. If you pay less, you get less. No use dodging facts. The stockings we offer Friday by our accurate standard are worth 35c. a pair, but for the one day we reduce them 25c. Our Friday sales by uncontrollable circumstances have been interrupted a few months, and to introduce them again, we select a price reduction on an article certain to promptly appeal to purse-wise buyers. The goods are warranted in every respect, being carefully made from the finest combed Maco stock. The gauge is very fine and as the stockings are full seamless, with round heel, the fit is guaranteed. The dye is absolutely fast and stainless. In a word, better values never crossed our counters. If you know even a little of stocking values, not a word will be necessary to induce your purchase when you see the goods.

Glorious News

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rhoun, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. J. Wood & Son, druggists. Guaranteed.

SETTLEMENT IN SIGHT.

It is Thought the Turnpike Question Will be Satisfactorily Adjusted Next Monday.

The Fiscal Court re-convened Tuesday to try and effect a purchase of the three big turnpikes.

Mr. Charles D. Pearce, representing the companies, asked for the appointment of a committee to confer with the companies and on motion 'Squires Williams, Rice, Perrine, Thompson and Ryan were named by Judge Newell.

The committee with Judge Newell and County Attorney O'Donnell was in consultation with the representatives of the companies until nearly 4 o'clock in the afternoon, but were unable to reach an agreement. However, the negotiations have reached that stage where a settlement is practically in sight. It is learned that the parties are within \$1,800 or \$2,000 of agreeing on the price. With such a small difference as this, it certainly looks like an agreement can be reached. The committee asked and were given until next Monday to confer with the companies. Claims were allowed as follows: W. S. Tully, groceries for paupers.....\$ 7 50 J. J. Fitzgerald, plumbing at jail..... 25 30 Robert Clarke Co., law books..... 16 00 R. C. Bland, meat for smallpox patients..... 2 70 John R. Mitchell, removing smallpox patients to pest house..... 12 00 Maria Barnes, nursing smallpox patients..... 25 00 Lewis Whaley, services to smallpox cases..... 4 00 Court then adjourned till next Monday at 9 a. m.

The service will consist of seventy pieces of exquisite finish and workmanship. The cost will be \$6,000. The successful competitors also made the service for the battleship Kearsarge and designed and made the gold jeweled sword for Rear Admiral Schley.

A Work of Art.

[Enquirer.]

Mr. Charles Bullet, a talented Kentucky artist, who is at this time residing across the river, but who is counted among Cin- cinnati artists, has just placed on view a handsome landscape, a painting in oil, which he calls "A Morning Scene on the Cumberland River." Mr. Bullet excels in landscape painting, and it will be re- called that he studied some few years ago under Dr. Mayries and Isambart, both of Paris, France. The painting at Thrush's is very cleverly executed. It has been handled in a bold style and reproduces an ideal spot for fishing. The color scheme is very harmonious and the at- mospheric effect has been admirably re- produced, the gray mist rising off the mountains in a wonderful realistic man- ner.

The artist referred to above is a brother of Prof. Bullet, the talented musician who lately moved to Maysville and now re- sides on Forest avenue.

Claim to Be Actors.

San Francisco, May 9.—Immigration Commissioner North has refused to permit the landing of 10 Filipinos, who arrived here a few days ago on the steamer City of Pekin. The natives are under contract to exhibit in a New York city dime museum. Commissioner North takes the position that because of their agreement to place themselves on exhibition, they are contract laborers, and as such are not entitled to land in this country. On the other hand the Filipinos claim that they are actors and not laborers.
